Hi Ms. Nagel/Mr. Chris Ball:

This email is in response to the Freedom of Information Act Request from Manko, Gold, Katcher & Fox to the Environmental Protection Agency. In the request, your firm requested groundwater related documents for the Chemsol, Inc. Site, located in Piscataway, NJ. Attached, is the first electronic file, the Record of Decision for the site. Since some of the electronic files are rather large and cannot be sent all at once, I will be sending more than one email with the related groundwater documents.

After reviewing these files, if you need further information, please do not hesitate to contact me.

Regards
